

**Physics and Chemistry**  
of Advanced Materials  
EUROPEAN DOCTORATE

Join our online presentations:

13. Nov. Aldo Lanzoni, University Catania  
**MS-based investigation of the seed protein fraction of chickpea**
4. Dec. Antonio Brancato, University Catania  
**Platinum-Coated Silver Nanoplates: Synthesis and Application as a Reliable SERS Substrate**
15. Jan. Justin Klimek, Carl von Ossietzky Universität Oldenburg  
**The role of water for CO<sub>2</sub> activation on highly defective rutile TiO<sub>2</sub>**
12. Feb. Pawel Koczanowski, Jagiellonian University  
**Avalanche Dynamics and Anisotropic Effects in Microscale Scratching of Molybdenum Disulfide**

Talks are from 15:00 – 16:00.
